

Artists in Residence APPLICATION

Application Date*

PROGRAM OVERVIEW

MAC House Project Artist in Residency is a brand new program offered in Sheboygan, Wisconsin. To participate in this program is to be a test pilot of sorts as we learn our way forward. There are four live/work artist apartments where artists are in residence from 1 week to 1 month at a time (sometimes longer). This program hosts artists of all disciplines as well as art curators, writers, and musicians. It includes invited artists as well as artists selected through this application process. We accept applications from working, professional artists who demonstrate a deep commitment to their practices. Each resident artist is provided personal space in a fully furnished apartment, with wifi. The 4 apartments in walking proximity to Lake Michigan beaches (2 apartments have full waterview) and in walking distance to the Sheboygan Riverwalk and downtown district. The program is open to artists of all generations, nationalities, and disciplines, with special priority given to neuro-diverse artist supported by working collective studios. Funding is on a case-by-case basis, we encourage applicants to apply to cover the costs of the residency through various funding programs. Artists may also choose to cover the basic costs of the residency themselves. Generally, the facilities are booked 1 year to 18 months in advance of an artist's arrival. However, opportunities may arise within a period of months if there is a sudden vacancy. Applications are accepted on a rolling basis and reviewed quarterly. You will hear from us if your application is deemed a good fit for the program. Please allow 1-3 months for review.
